and lesign Branch, Cartographic Division on 7 November 1979.  2. will start a one-year tour in the Visual Information 25X1 and Design Branch, Cartographic Division on 7 November 1979. This shown a personal interest in increasing communications among and enhancing the career development of people in the graphics field. (See Attachment) Both offices view this assignment as an excellent opportunity to test some important aspects of proposal. We expect 25X1 that during his tour, while is contributing to the OGCR 25X1 production effort, he will be able to update his knowledge of new techniques, procedures, and equipment in the graphics field as well as exchange ideas with his peers. We further expect that on his return will be able to apply the experience gained during his exposure to the larger and more varied operations at OGCR to ensure that OIA graphics are equal to the best that NFAC produces.  3. During this assignment, will be prepared by OGCR before the end of the tour. All personnel actions will be reviewed by both offices prior to execution.  Director Imagery Analysis  I have read and understand the terms of this agreement.	SUBJECT: Rotational Assignment of	23 <b>X</b> I
and lesign Branch, Cartographic Division on 7 November 1979.  2. will start a one-year tour in the Visual Information 25X1 and Design Branch, Cartographic Division on 7 November 1979. This shown a personal interest in increasing communications among and enhancing the career development of people in the graphics field. (See Attachment) Both offices view this assignment as an excellent opportunity to test some important aspects of proposal. We expect 25X1 that during his tour, while is contributing to the OGCR 25X1 production effort, he will be able to update his knowledge of new techniques, procedures, and equipment in the graphics field as well as exchange ideas with his peers. We further expect that on his return will be able to apply the experience gained during his exposure to the larger and more varied operations at OGCR to ensure that OIA graphics are equal to the best that NFAC produces.  3. During this assignment, will be prepared by OGCR before the end of the tour. All personnel actions will be reviewed by both offices prior to execution.  Director Imagery Analysis  I have read and understand the terms of this agreement.		
2. will start a one-year tour in the Visual Information 25X1 and Design Branch, Cartographic Division on 7 November 1979.   has shown a personal interest in increasing communications among and enhancing the career development of people in the graphics field. (See Attackment) Both offices view this assignment as an excellent opportunity to test some important aspects of proposal. We expect 25X1 that during his tour, while production effort, he will be able to update his knowledge of new techniques. Procedures, and equipment in the graphics field as well as exchange ideas with his peers. We further expect that on his return 25X1 will be able to apply the experience gained during his exposure to the larger and more varied operations at OGCR to ensure that OIA graphics are equal to the best that NFAC produces.    3. During this assignment, will be prepared by OGCR before the end of the tour. All personnel actions will be reviewed by both offices prior to execution.    Director Geographic and Cartographic Research  I have read and understand the terms of this agreement.	1. The memorandum sets forth the understanding between the Office	
2. will start a one-year tour in the Visual Information 25X1 and Design Branch, Cartographic Division on 7 November 1979. 25X1 has shown a personal interest in increasing communications among and enhancing the career development of people in the graphics field. (See Attachment) Both offices view this assignment as an excellent opportunity to test some important aspects of proposal. We expect 25X1 that during his tour, while is contributing to the OGCR 25X1 production effort, he will be able to update his knowledge of new techniques, procedures, and equipment in the graphics field as well as exchange ideas with his peers. We further expect that on his return 25X1 will be able to apply the experience gained during his exposure to the larger and more varied operations at OGCR to ensure that OIA graphics are equal to the best that NFAC produces. 25X1  3. During this assignment, will be slotted in an OIA position. An interim evaluation will be prepared by OGCR before the end of the tour. All personnel actions will be reviewed by both offices prior to execution.  Director  Geographic and Cartographic Research  I have read and understand the terms of this agreement.		25X1
and Design Branch, Cartographic Division on 7 November 1979.  has shown a personal interest in increasing communications among and enhancing the career development of people in the graphics field.
